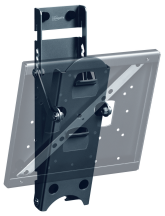
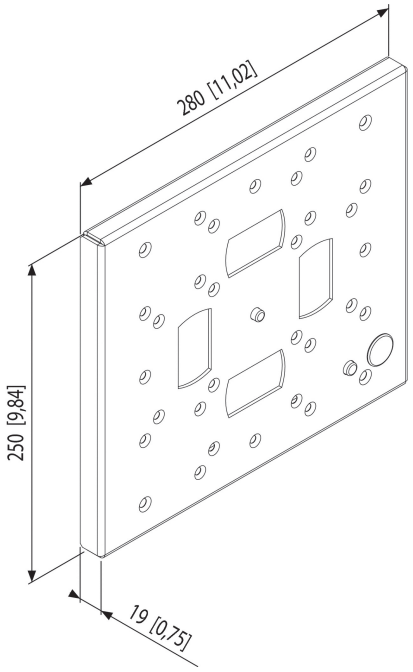
- Available colours: Black, Silver

The FAU 3125 universal flat display interface can be used to mount a LCD/Plasma TV (with VESA MIS-D-E) to the wall, ceiling or floor (in combination with other modular parts).



Universal flat display interface
FAU 3125B



The FAU 3125 universal flat display interface is part of a modular system which enables you to create your own wall, ceiling or floor mounting solution for LCD/Plasma TV's (23-40", with VESA MIS-D-E, up to 60 kg). The Autolock® locking system locks the interface onto the support and prevents the display from falling of the turn and tilt unit when accidently lifted. The optional lock PFA 9008 blocks the locking system, hence preventing theft.

For wall mounting just add the needed wall mounting plate (PFW 910/ 920/ 930) or support (PFW 950/ 952).
For ceiling mounting add the needed ceiling mounting plate, extension tube and turn and tilt unit.
In case of floor mounting add floor stand PFA 9011 and the needed turn and tilt unit.

Features

- Autolock® locking system
- Horizontal and vertical mounting
- Optional anti-theft lock PFA 9008
- VESA MIS-D-E (including 75x75, 100x100, 100x200, 200x200 mm mounting)
